

crimsafe / Regular Featuring 0.9mm mesh

The original Crimsafe security
The Crimsafe Regular Profile
screen with incredible strength
and industrial aesthetics.

Crimsafe Regular is the original security
screen that revolutionised the industry over
25 years ago and offers affordable, entry-level
protection for your family and home.

The combination of our Screw-Clamp™
technology and Tensile-Tuff® 304 structural-
grade stainless steel mesh makes Crimsafe
Regular much more than a security screen.
It's a solution that offers unhindered views,
fresh air, natural light and protection against
solar heat gain and harmful UV rays, resulting
in a more efficient home.

Proudly Australian Made, Crimsafe Regular
has been specifically designed to exceed the
Australian Standard. It has been rigorously
tested to withstand a single impact of up to
550 Joules, providing peace of mind that your
home and family are protected from unwanted
intruders, insects and much more.

With a choice of powder-coated colours or
timberlook frames, Crimsafe Regular can be
installed on any door or window in your home
and comes with the assurance of a 12-year
extended warranty.

The Crimsafe Regular Profile

0.9mm mesh

Withstands up to 550
Joules of impact*

12-year extended
warranty

If it's not Crimsafe, it's not crim safe.

Living
Safer

Why choose **crimsafe** / Regular

Can withstand up to 550 Joules of impact*	Screw-Clamp™ technology	Stronger and more transparent than grilles	12-year Extended Warranty
3-point locking as standard	UV and insect protection	Blocks up to 53% of solar heat gain	Australian Made

The Crimsafe Range

Features	Regular	Classic	Ultimate	iQ
 Strength Strength is measured as the amount of force that the screen can withstand. The Australian Standard is five impacts of 100 Joules.	Exceeds Australian Standards & can withstand up to 550 Joules of impact*	Exceeds Australian Standards & can withstand up to 550 Joules of impact*	Exceeds Australian Standards & can withstand up to 750 Joules of impact*	Exceeds Australian Standards & can withstand up to 750 Joules of impact* RC2 compliant**
 Fastening method How the mesh is secured into the screen frame	Tamper resistant screws	Tamper resistant screws	x2 more tamper resistant screws than Classic	x2 more tamper resistant screws than Classic
